# **Lucas and Upper Wood County**

Lucas County, Perrysburg, Northwood, Rossford & Lake Twp.

Higher mortgage rates, along with elevated sales prices and a lack of housing inventory, have continued to impact market activity during the summer homebuying season. The average 30-year fixed-rate mortgage has remained above 6.5% since May, recently hitting a two-decade high in August, according to Freddie Mac. As a result, existing-home sales have continued to slow nationwide, dropping 2.2% month-over-month as of last measure, with sales down 16.6% compared to the same time last year, according to the National Association of REALTORS® (NAR).

Falling home sales have done little to cool home prices, however, which have continued to sit at record high levels nationally thanks to a limited supply of homes for sale. According to NAR, there were 1.11 million homes for sale heading into August, 14.6% fewer homes than the same period last year, for a 3.3 months' supply at the current sales pace. The shortage of homes for sale has boosted competition for available properties and is driving sales prices higher, with NAR reporting a national median existing home price of \$406,700, a 1.9% increase from a year earlier.

<sup>\*</sup> Does not account for sale concessions and/or downpayment assistance. | Percent changes are calculated using rounded figures and can sometimes look extreme due to small sample size.

A rolling 12-month calculation represents the current month and the 11 months prior in a single data point. If no activity occurred during a month, the line extends to the next available data point.

This representation is based in whole or in part on data supplied by the Northwest Ohio Real Estate Information System (NORIS) Multiple Listing Service. NORIS does not guarantee or is not responsible in any way for its accuracy. Data maintained by NORIS may not reflect all real estate activity in the market.
