

Local Market Update – March 2025

This representation is based in whole or in part on data supplied by the Northwest Ohio Real Estate Information System (NORIS) Multiple Listing Service. NORIS does not guarantee or is not responsible in any way for its accuracy. Data maintained by NORIS may not reflect all real estate activity in the market.

Western Counties

Defiance, Fulton, Henry, Paulding, Putnam and Williams

The western counties of Northwest Ohio saw notable growth in the single-family home market in March 2025, with new listings up 22.6% and closed sales rising 33.3% compared to the same month last year. Homes also sold slightly faster, with average days on market dropping to 75 days. Prices continued to trend upward—median sales price rose 7.5% to \$178,500, and the average price increased by 4.8%. Year-to-date figures reflect similar momentum, with listings, closed sales, and total volume all showing healthy gains, including a 25.7% increase in overall sales volume.

In contrast, condo/villa activity remained minimal but showed some movement: five new listings and one closed sale occurred in March, compared to none the year prior. Year-to-date condo sales increased slightly, although price metrics declined, likely due to the small sample size. With a high months supply of inventory reported for condos, this segment could offer more choice for buyers in the coming months.
