

# A new Single Sign on Dashboard is Coming – Here is what you need to know!

On Tuesday, October 6th we are changing the process by which you will log into all the services offered by Northwest Ohio Realtors (NOR) and Northwest Ohio Real Estate Information System (NORIS). You will now log into your Single Sign on Dashboard through the NOR member portal and from there will be able to connect to all services including MATRIX 360 MLS.

The new member portal will not be available on October 6th from 5:00 am – 9:00 am. This will allow us to make this upgrade to the new Single Sign on Dashboard/Member Portal.
